Part B – Please use a separate sheet for each representation

Name or Organisation :				
3. To which part of the Local Plan does	s this represent	ation relate?		
Paragraph Policy	Core policy 4	Proposals Map		
4. Do you consider the Local Plan is :				
4.(1) Legally compliant	Yes		No	
4.(2) Sound (Positively Prepared, Effective and Justified)	Yes		No	x
4 (3) Complies with the Duty to co- operate	Yes		No	

Please mark as appropriate.

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The spatial strategy page 34 states that smaller villages should be subject to appropriate development to support local needs, yet sites 18 and 19 are imposed on Great Coxwell. This imposes 400 houses on this small village counter to the Great Coxwell Village Plan which is at a more mature consultation stage than the Vale plan.

6. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 5 above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Reflect that Great Coxwell is a small village not a large one.

This plan appears to condon a number of proposed speculative developments on the edge of Great Cowell. These should either be removed or substantially reduced. Sites elsewhere such as the North or East side of Faringdon should be considered for as alternatives to balance the load more fairly.

Reduce the numbers of houses being developed in Great Cowell to a more reasonable number.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination?

No, I do not wish to participate at the oral examination

Yes, I wish to participate at the oral examination

8. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.

Part B – Please use a separate sheet for each representation

The sub strategy states that Faringdon will be expanded along with complementary growth in larger villages... Sites 18 (east of Coxwell Road, known as Steeds Farm) and 19 (South Faringdon, known as Fernham Fields), run counter to this as they are in the Great Coxwell Parish a small village. This is counter to Core Policy 3. There is no mention that these 2 developments of some 400 houses, will practically join Great Coxwell to Faringdon. The Vale Plan overrules the Great Coxwell Parish Plan which is nearing completion

6. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 5 above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The Vale Plan should either reduce these sites to level that does not join Great Coxwell to Faringdon or remove them and look for sites to the North and East of Faringdon to balance the distribution of new developments around the town.

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage.

The South Faringdon Site in Great Coxwell is already subject to a speculative planning proposal which has an associated commercial development. The combined effect of this site with the additional commercial site being sought by the developers will effectively join Great Coxwell with Faringdon. This is counter to the Great Coxwell Plan and Vale's Core Policy 3 Settlement Hierarchy. It is also not sustainable as in there is seasonal localised flooding on the nearby Coxwell Road, the fields being developed as well as the road into Great Coxwell

You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

This site is based on a prior speculative development. The proposed site should be removed or substantially reduced in size and provide provisions so that the localised flooding is minimised or even reduced. To comply with the Core Policy 3, Settlement Hierarchy and the Great Coxwell Parish Plan.

The South West of Faringdon (Site 20) site is in Faringdon but when combined with sites 18 and 19

provide an effectively contiguous development of 700 houses on the Western side of Faringdon which will join it with Great Coxwell. This will substantially increase traffic on the Western side of town and especially Coxwell Road which provides the route to the A420 an already heavily used road.

The sites to the west and South of Faringdon should be reduced. Options to build to the Norht and East should be considered to be more balanced in terms of its impact on Faringdon and Great Coxwell. To comply with the Core Policy 3, Settlement Hierarchy and the Great Coxwell Parish Plan.
