Map P33 Part 1 Appendices

I cannot find any core policy on Rights of Way in the Local Plan.

Therefore I draw the Inspectors attention to the map ("Milton Heights, Milton Parish west of the A34") that starts at its top, a line in purple marking Footpath 10.

The Inspector will note that this line is already broken – and the footpath and the footpath is indeed dangerous by the A4130. It will be totally unusable if the road is doubled in width.

However, what I am concerned about – as my employer Mr Mockler owns Footpath 10 – is the fact that our tractors already find it dangerous to use the 'old' track to new farm; and will find it impossibly dangerous in the future.

Therefore, I propose that to some Core Policy (on Transport) be added a clause insisting on an underpass at least 8 feet high – which would accommodate both pedestrians and farm vehicles. All linked up (as obviously needs to be the case) to both sections of footpath 10.

I consider the Plan fundamentally unsound due to the lack of any policy (a) analysing and (b) safeguarding Agricultural land in the Vale.

I therefore request a new and additional strategic, district wide Core Policy headed "Safeguarding Agricultural Land in the Vale" to safeguard the best and secure better agricultural land for future generations.
