**Q4 Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.**

This policy says that ancient woodland and veteran trees should be protected. The patch of ancient woodland (near to the Oxford Road) containing Blake's Oak was not identified in the Plan. Though just outside the designated area for development, it would need a wide margin left around it to prevent damage to roots, mitochondria and to protect it from paying children, dog-walkers etc.

**Q5 Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.**

The Plan should allow for this woodland to be protected.
