To Whom it may concern:

I wish to voice my opinion on the above subject.

Whilst I do not believe that greenbelt land should be released generally, I am of the opinion that some release is necessary if the required number of houses must be built in Cumnor.

I believe that if a new housing development is absolutely necessary in Cumnor, the proposed use of land behind Appleton Road would be the least intrusive place, doing little harm to the general 'villagey' feel that we have currently.

Yours faithfully

Jan Deakin
