Dear Mr Davis

Re: Site 22 VOWH District Plan.

I am a joint owner of land at
South Cumnor, forming part of
Area 22 Ref: BK119686.

The decision not to include our land
in the latest recommendations was
naturally disappointing as it falls
into a natural rounding off of
the village of Cumnor.

No doubt there were many reasons
for your decision including the
vociferous and well funded

objections by the owners of high value properties on the northern section of the Appleton Road.

However as the area yellow on OS map 8289 BK 119686 has been withdrawn, together with the prospect of 200 units originally suggested leading to some reduction in numbers, I would ask you to give the remaining land favourable consideration.

Cummon with its proximity to the city of Oxford is in real need of a quality development including affordable housing. The infrastructure schools etc can well cope with some growth including the village shop and Post Office which is now under threat of closure.

May I fervently request that
our land be taken out of
the Green Belt to make it
available for your consideration
now or in the future.

Yours sincerely
