

Dwellings northwest Abingdon and north Abingdon

I object to the dwellings on Green Belt.

It will have implications on

Flooding

Traffic

Air quality

Noise

The area already floods when long periods of rain

We have problems accessing Dunmore road at peak times

Fumes are bad now at peak times

We suffer constantly noise (day and night) from A34 plus traffic noise at peak time on Dunmore Road.

There is no Bus Route on Dunmore Road to Oxford to encourage people out of their cars. Surely this should be your priority before planning more houses.
