

## **Upper Heyford**

### **H2**

a) Land at RAF Upper Heyford will provide for a new settlement of a maximum of about 1000 dwellings and necessary supporting infrastructure, including a primary school and appropriate community, recreational and employment opportunities, as a means of enabling environmental improvements and the heritage interest of the site as a military base with Cold War associations to be conserved, compatible with achieving a satisfactory living environment.

b) Proposals for development must reflect a revised comprehensive planning brief adopted by the district council and demonstrate that the conservation of heritage resources, landscape, restoration, enhancement of biodiversity and other environmental improvements will be achieved across the whole of the former air base in association with the provision of the new settlement.

c) The new settlement should be designed to encourage walking, cycling and use of public transport rather than travel by private car. Improvements to bus and rail facilities and measures to minimise the impact of traffic generated by the development on the surrounding road network will be required.
