1. The Claimant Count is a measure of the number of people claiming Jobseeker's Allowance on the second Thursday of each month (the "count date"). Claimants of Universal Credit, which has been introduced to a limited subset of claimants in a small number of Jobcentre Plus Offices, are not yet included in the Claimant Count.[An article provides further information](#). Also see Background Note in this bulletin.

† Area affected by the start of the introduction of Universal Credit.

2. Percentages of population aged from 16 to 64 based on mid-year 2013 population estimates.

NB. These are different from the national and regional claimant count rates shown in Tables 7 of HI01 to HI11 and of other headline indicators. See Concepts and Definitions.
